The Greatest Mother!

She Binds Up the Wounds of the World

If a man were hit by a car in front of your home, would you be able to give first aid?

If one of your children should swallow poison, could you give emergency treatment that would save his life?

If an epidemic should strike your community, do you know the preventive measure to help keep your family well?

In order to prevent the thousands of needless deaths through accident and preventable sickness, your Red Cross is teaching first aid to families throughout this broad land.

Already over one million people have received the First Aid Instructive Courses from the Red Cross.

Is this work important? You will agree that it is when you consider that there are annually in the United States over 400,000 deaths from PREVENTABLE diseases and accidents—eight times the battle deaths of the American Army in the World War.

The Red Cross must increase its membership—not grow less. The work must go on. Join the Red Cross or renew your membership during the

NEWSPAPER HISTORY

The Rockland Gazette was established in 1846. In 1874 the Courier was established, and consolidated with the Gazette in 1882. The Free Press was established in 1875, and in 1891 changed its name to the Tribune. These papers consolidated March 17, 1897.

IN CULTURED BOSTON

It Appears That They Have "Vamps" On The Common. Horrors!

Flirting on Boston common will become a dangerous practice after Feb. 1 when plans announced by Mayor Peters Monday for the appointment of Boston first women police officers go into effect.

The mayor said he had consulted with Police Commissioner Curtis regarding means of ridding the common of some of the "vamps" of both sexes who have made a hunting ground, and that as a result eight police women would be selected from the civil service lists for appointment to duty there. Their pay, like that of the men will be \$100 a month.

TENANT'S HARBOR DAYS

Recalling the Election of 1884 When Cleveland Defeated Blaine.

If Charles Godfrey was in South Thomaston during November, 1884, he will remember the celebration held at the Keag over Cleveland's election. The Tenant's Harbor Cornet Band furnished the music for the occasion—and it was some music too. I had been holding my head off for Cleveland all summer in Camden, too young to vote, but old enough to holler. There used to be some warm debates in the shipyard over Blaine and Cleveland. What a campaign that was. I came home to the Harbor about election time. The result was in doubt for about a week, and then John Y. McKane brought in enough votes to carry New York for Cleveland.

After it was decided that the Democrats had swayed, there was heard the slogan, "To the victors belong the spoils"—which in our village meant the Customhouse and the Postoffice. There was some tall hustling for those offices. When the winners were announced there was walling and clashing of teeth, but the offices changed hands.

Before the next presidential election I had left Maine and was in Boston, so in 1888 I marched up to the polls and voted for—no, not Grover, but Benjamin Harrison. I was a real renegade. Since that time I have continued voting the same straight way, except in 1912 when I voted for Theodore Roosevelt, for whom I had hoped again to vote in the year of 1920.

When Caesar crossed the Rubicon (or Hannibal crossed the Alps, I may be mixed about those events) that was the time St. George began to go Democratic.

And now look what she has done! Boze.

FOR CHINESE HOSPITALS

Rockland People Can Help In A Most Worthy Cause

There are readers of The Courier-Gazette who would like to help in the hospital work carried on abroad by the Woman's Foreign Mission of the Baptist church. The World-Wide Guild of the Rockland church is preparing to send a box to the hospital at Ningpo, China. The supplies needed include:

Absorbent cotton, aprons for operating room and for nurses on duty, bandages of all sizes (made as for Red Cross work) baby slippers and shirts, crib sheets, sheets for single beds, bed gowns, pillow slips, clinical thermometers, pus basins, glass syringes, hot water bottles, rubber sheeting, rubber gloves, old linen, bottles, gauze swabs, sponges, vaseline, tape, thread, pins, safety pins, soap, tooth picks, blank books, pencils, nail brushes, dolls, toys, pictures, picture cards; anything useful in time of illness.

A native nurse, "Amah," writes from the Ningpo hospital: "You will see a picture of a woman washing things. That is I who wash the roll-cloths almost from the morning to night and stand as long as I wash, on my small feet. Sometimes I get so tired that my legs are so swollen because of being stand so much. Oh, I cannot tell about my hardships. Sometimes the roll-cloths are so dirty that you would not like to look at them. I cannot tell or make you know what hard times I have. If you, great American friends, will pity us, please help us. In this hospital all the doctors, students, nurses, and the Bible-woman are all doing their work very faithfully—the thing we need in the hospital is the roll-cloths."

Contributions for the box can be sent to Mrs. Ralph Charles, Jefferson street, or Mrs. Maurice A. McKusie, 76 Mechanic street.

PRIDE FOLLOWETH A FALL

Gov. Cox in his first statement since the election said that in spirit he was as "proud as when the fight started," and that he "would not retrace a step nor yield a single jot in principle."

All the way from Millinocket comes a Mayflower, which was picked Sunday by Mrs. Lowell Condon, formerly of this city and sent to her home paper, The Courier-Gazette.

GLIMPSE AT NEW LIME PLANT

Six Kilns, Which Will Do the Work of Fifteen, Being Built at Northend.—How An Industry Is Being Modernized.

Rockland people who visit the Northend only at infrequent intervals will be amazed when they go there now and behold the scope of the lime company's construction work. When fire, last winter, laid waste to what was formerly known as the Perry plant it threw many men out of employment, and seemed like a disastrous blow to Knox county's chief industry.

Plans which the Rockland & Rockport Lime Corporation had long been considering materialized very rapidly after the fire, and the entire summer has been spent in preparation for the modern-plant, which is now rising from the ashes.

In company with General Manager William C. Bird The Courier-Gazette reporter visited the busy scene yesterday and was furnished with ample evidence that the plans announced in this paper last summer are being carried out to the letter. Another winter will have passed and spring will have waned before the new battery of kilns begins turning out the finished product. Meantime work will be afforded for large construction crews, and there will be an expenditure of money into six figures.

The reporter's attention was first called to the fact that the concrete foundations have already been constructed. Eventually there will be 10 of these kilns, but six will answer present purposes. The battery runs parallel with the embankment, and is supported at the rear by a concrete wall 140 feet in length and about 40 inches thick. This wall will be surmounted by a solid rail, while at the foot of the embankment will be a retaining wall extending downward to solid rock.

"Mount kilns" they call them, possibly on account of their extreme height, which is to be 80 feet above the concrete bases. The latter have an inside diameter of eight feet. The

ROCKLAND, MAINE

STATE OF MAINE

City of Rockland

A Proclamation By the Mayor.
Whereas, Thursday, November 11th (Armistice Day), commemorates the second anniversary of our victory, and the victory of civilization in the World War;
Now, therefore, I, Reuben S. Thorndike, Mayor of the City of Rockland, do earnestly urge all citizens to join with the American Legion in a fitting observance of this day.

Reuben S. Thorndike, Mayor.

of six kilns will do the work that 15 of the old kilns are now doing.

There will be still another advantage, and one that the public will especially appreciate—the new kilns will be smokeless, when working perfectly.

The new kilns, together with the other portions of the plant, above mentioned, will be enclosed under a steel roof.

Rock brought from the lime quarries, and reduced to kiln size in the new crusher now approaching completion, will be dumped over the embankment into a storage bin which will have a capacity of about 1,000 tons. When needed the rock will be drawn off into buckets, which travel on a skip-hoist, and in this manner will be carried to the top of the kilns and dumped. At the top of each kiln will be a 45-ton storage bin so that an extra supply can be provided through the day, for use at night.

The skip-hoist will be controlled by electricity, and as a loaded bucket goes up the empty one will come down.

The foundation work for the new plant is being done by the Rockland & Rockport Lime Corporation's own crew, with the exception of the storage building, the foundation for which is being built by Everett L. Spear & Co.

The Boston Bridge Co. has the contract for all structural steel work, and will begin its work the last of this month. Much of the material has already been assembled. The brick, cement, etc., are housed in a temporary wooden structure. This building also acts as a shelter for the air compressor which is used in connection with the drilling, riveting, etc. The concrete mixer has a joint of advantage under the embankment, and the boys have a record of putting in 205 bags in a 7-hour day. Between its work at the Ulmer quarry and at the Perry plant, the company is said to have used 1000 barrels of cement the past summer. And cement, be it known, is a scarce article these days.

The Rockland & Rockport Lime Corporation is erecting along side its new hydrate mill at the Northend a steel shed 50x100 feet, which will be used for storage purposes. It is of the "ready made" type, and deft hands are putting it together "while you wait."

The new hydrate will go into commission in a few days. It is a fire-proof and dust-proof structure 40x30 feet, and its machinery equipment is the best that has been devised. It will be used for the manufacture of chemical hydrate, used for the rubber and leather trade, and hydrated lime used for building purposes. The capacity of this mill will be 3½ to 4 tons an hour of chemical lime, and 5 tons an hour of hydrated lime.

The following interesting items concerning the lime industry are clipped from Bulletin 36.

A meeting was held in the laboratory last Thursday afternoon for the purpose of organizing a Safety and Welfare committee, the object of which is to establish an effective safety organization in the plant. The corporation management thoroughly believes that safety work in its broadest interpretation is a highly important thing. They realize the importance of preventing accidents and their desire is to organize along lines that experience shows to be the most effective in dealing with the accident problem. The formation of this committee is one of the first steps in this direction. Regular monthly meetings will be held. The business of the committee will be the discussion and carrying out of proper recommendations and details for safety and welfare so that the workman may feel that his welfare is considered, his work appreciated, and his safety looked after. The committee organized as follows: A. L. Vase, chairman; A. B. Clark, inspector; Foreman A. A. Smith, Five-Kilns; F. E. Larabee, Point; B. F. Smith, lime mills; W. G. Upham, Gregory; E. H. Philbrick, barrel factory No. 1; F. B. Fullerton, superintendent of construction; W. G. Walker, coal and transportation.

Congratulations and cigars were being passed out at the mill Monday morning, the occasion for which was the marriage of Earl Haskell and Mrs. Frances Thistle, which occurred last Saturday evening. The newly-weds will reside on Achorn street.

Jimmie the night boiler man and caretaker at the mill was arrested the other night as he was taking a turn around outside to see how the weather was. The new watchman didn't know him and it took a lot of Italian-English and arm waving to convince "Hatch" that everything was as it should be.

YOUR FAVORITE POEM

Whatever your occupation may be and however crowded your hours with affairs, do not fail to secure at least a few minutes every day for refreshment of your inner life with a bit of poetry.

THE RAINY DAY

The day is cold, and dark, and dreary,
It rains, and the wind is never weary;
The vine still clings to the mouldering wall,
But at every gust the dead leaves fall,
And the day is dark and dreary.

My life is cold, and dark, and dreary,
I rains, and the wind is never weary;
My thoughts still cling to the mouldering past,
But the hopes of youth fall thick in the blast,
And the days are dark and dreary.

Be still, sad heart, and cease repining;
Behind the clouds is the sun still shining;
Thy fate is the common fate of all,
Into each life some rain must fall,
Some days must be dark and dreary.

—Henry Wadsworth Longfellow.

RED CROSS WEEK

Today, the second anniversary of the cessation of fighting on the French front, appropriately inaugurates the fourth roll-call of the American Red Cross. The publicity given the matter ought to leave no person in doubt as to the worthiness of the great cause to which the world-wide machinery of the Red Cross is dedicated, the relief of suffering. No one of us ought to be able to look himself in the face if he closes his heart and purse to the present appeal for funds.

The various branches of Knox County Red Cross are organized for the work and canvassing for membership will begin today in the several communities of the county, in common with every community throughout the United States. Make it easy for the person who is assigned the privilege of applying for your name and contribution. If you can spare only the single dollar that retains your membership, that will be your share—but if you can afford something besides, give it royally and so help forward the good work of Community Service here at home. Not a dollar of your money will be wasted.

The Bartley murder trial in Skowhegan has been attracting statewide attention this week. Among the witnesses was Dr. George P. McGrath of Boston, the famous medical examiner and criminologist, who was here in connection with the Rockland murder two years ago. The Lewiston Journal said: "Dr. McGrath arrived in company with C. Vey Holman, former State assayer, who has been almost a constant attendant, not through immediate personal interest in the case but because, like many others, he finds it a fascinating study in criminology."

The Knox Academy of Arts and Sciences is in urgent need of \$300 in order to put Knox Museum in suitable condition for winter. With a view to raising that sum, or as much as possible of it, the association has engaged the Arcade for Tuesday, Nov. 30, and will have a fair in the afternoon, with sale of light refreshments, and a ball in the evening. Marston's Orchestra will furnish music. The fine collection of Knox Museum will be displayed and the entertainment will have an educational value for the school children.

Passengers on the 145 trolley out of Warren had an interesting view of a big bull moose Tuesday afternoon. Half way to Thomaston the animal was sighted browsing in a field, a few rods from the track. The car was stopped for a better view, and his moosehip was also interested, for he walked down to get a nearer acquaintance with the passengers. When the car started he turned and strolled slowly away, his fat sides shaking comfortably.

The Knox County Medical Society held its annual meeting Tuesday night at the Thorndike Hotel, following a banquet. Eleven members of the medical profession were present. These officers were elected: President, Dr. J. G. Hutchins of Camden; Vice President, Dr. William Ellingwood of Rockland; Secretary and Treasurer, Dr. H. W. Frohock. The society meets bi-monthly, on the second Tuesday.

The Courier-Gazette has the information that Payson Smith, the eminent educator who was called away from Maine to serve as Massachusetts' state superintendent of schools, has lately received a flattering call to take a similar position at head of the school system of Pennsylvania. He declined to leave Massachusetts.

Weather prophets over Farmington way tell us that the heavers have not yet built their houses for the winter along any of the lakes or streams, and this is a sure sign of a mild winter. They also predict a heavy snowfall, so perhaps Mayor Thorndike will have to issue another proclamation for a snow shoveling bee.

Those who forgot to look for the partial eclipse of the sun yesterday can console themselves by watching for the "shooting stars" for which November is famous. The shower of Leonids is due the first three days of next week, and another shower, the Andromedes may be expected in the early night of the 24th.

The scattering of rocks over the golf course at the Country Club, result of the blasting operations, looks as if the place had been subjected to a bombardment by heavy artillery using high explosive. But the golfers can still get around the course.

This is the real Indian Summer, which is a season belonging to November and not October.

DRIED APPLE PIES

Editor of The Courier-Gazette:—You certainly said something, Oct. 26 in your publicity on dried apple pie, a species of pie generally as extinct as the great auk, dodo and the potato-ball. I have in mind the old-fashioned dried apples, cut and hung on a string and stretched on the outside of the shed where the flies had a good chance while they were curing, not the evaporated apple of commerce of today.

I have eaten them, but the darn things always gave me heartburn. Then there was dried apple sauce, made in the bean pot and sweetened with molasses. You remember the table girl who announced three kinds of pie—open-face, cross-cross and layered. All apple.

Backward, turn backward, O time in your flight, Make me a boy again just for tonight, Oh, for the days of the sweet love-and-bye When we were bring on dried apple pie.

YOU'LL LIKE "BUDDIES"

Musical Comedy At Park Theatre Saturday Has Everything in Its Favor.

For good, clean, wholesome, and delightful entertainment, the past year in New York has offered nothing which so thoroughly deserved its popularity as "Buddies," the musical comedy which the Selwyns will present here at Park Theatre Saturday. The lyrics and music are interpreted by the same company of stars which was seen in this delightful musical

comedy all during its solid year's run in the Selwyn Theatre, New York, and 14 weeks in the Park Square Theatre, Boston, and the cast includes such well known Broadway stars as William Wayne, Lambert Perry, W. J. McCarthy, Paul Hepner, Murry D'Arcy, Joseph Barnella, Charles Brookaw, Albert Lawrence, Frank Daley, Edward Robson, Ludmilla Torotzka, Dorothy Holmes, Marie Gerding, Vera Hahare and Edith Macson and other well known names of musical comedy artists who have been seen in many of the important musical comedy hits of the past four years.

Claremont Commandery held a special meeting Tuesday night and conferred the Order of the Temple on Anson M. Glidden, Roger L. Gowell, Charles V. Brown, George H. Melville of Damariscotta, Frank P. Truett, Frank A. Maxcy and Robert V. Stevenson.

Horace Colburn, who has been employed as bookkeeper by the Rockland Lime Corporation, is now traveling for Weymouth & Sweetland confectioners.

The barbers—a majority of them at least—have decided to close at 9.30 Saturday nights, and at 7 o'clock on other nights, through the winter.

George F. Barbour's School of Pharmacy (correspondence course) now numbers about 350 students, and the popular proprietor of the Corner Drug Store receives a daily mail which would be a credit to a wholesale house. And the best part of it is that his students never fail to get certificates as registered pharmacists.

HOME FOR AGED WOMEN

Tuesday, Nov. 23, is the day selected by the board of managers of the Home for Rockland's Aged Women for the regular Thanksgiving offering. Preserved jellies, vegetables of all kinds, fruits and groceries, and money as well, will be greatly appreciated. We need coal—we need wood—we need your help. Keep us in your minds and hearts.

Albert H. Parsons of Camden was initiated into Kora Temple, Order of Mystic Shrine, in Lewiston Monday night.

Mrs. Emma B. Howe, grand matron of the Grand Chapter of Maine O. E. S., will be with Golden Rod Chapter Friday evening for its annual inspection. Ivy Chapter of Warren and Fon du Lac Chapter of Washington will be guests. Men will have charge of the 6 o'clock supper. L. R. Campbell serving as chairman. All past matrons and patrons are on the reception committee.

Tuesday's "out of season" offerings at this office included a violet contributed by Nina F. C. Brown of 259 Middle street, and a buttercup, picked by Mrs. Earl McWilliams of 299 Middle street.

Rockland will send a big delegation of football fans to Camden Saturday afternoon in support of the High School team, which hopes to come home that night with the Knox county championship clinched. The game will begin at 2 o'clock, and rest assured there will be no dull moments while the great battle is on.

RED CROSS ROLL CALL

Today begins the fourth annual roll call of Rockland Branch of American Red Cross, the aim of which is to obtain at least 1000 members and a fund of \$3000, the latter to be used in the charitable work which is being so ably handled by the Community Service, with Miss Helen Corbett as executive.

It hardly seems necessary to say anything further as to the needs or merits of the American Red Cross. It should be considered as one big family that stretches out helping hands just as any family would to a suffering member. To make it a real community family all of us must enroll ourselves in its ranks.

The sum total of Red Cross spirit is what counts. That should be made to flourish in every corner of the city. In ancient times, before other means were invented, certain messages were transmitted by fires regularly spaced. Each fire was in itself a small affair, but if for any reason one of them failed to burn at the right moment the message was interrupted. If any Red Cross chapter dies, that means an interruption of the Red Cross message to that locality. It is the member as well as the member's dollar that the Red Cross wants.

The Rockland roll-call, which will continue until Saturday night, is in the hands of the following ward committees:

Ward 1—Miss Therese Rankin, Mrs. Dora Bird, Mrs. Lena Fales, Mrs. Ernest Knight, Mrs. Edward Egan,

Mrs. Sumner Perry, Mrs. Harry Brown, Mrs. A. W. Gregory, Miss Mabel Holbrook, Mrs. Percy Bickell.

Ward 2—Mrs. William Ellingwood, Mrs. W. M. Little, Mrs. A. F. Wiener, Mrs. A. P. St. Clair, Miss Louise Blackford.

Ward 3—Mrs. Ensign Otis, Mrs. Frank Fuller, Mrs. M. E. Wotton, Mrs. E. M. O'Neil, Mrs. E. R. Veazie, Miss Jeanette Simmons, Mrs. Jennie Bird, Mrs. E. F. Berry, Mrs. E. K. Leighton, Mrs. N. Cook Sholes, Mrs. Adeline Bird, Mrs. C. E. Gilley, Miss Alice Hall.

Ward 4—Mrs. W. O. Fuller, Mrs. J. A. Richan, Mrs. C. W. Sheldon, Mrs. Florence Thurston, Mrs. Kathleen Marston, Mrs. Harrison Dow, Mrs. Harry Hanscom, Mrs. J. F. Cooper, Mrs. Charles Lewis, Mrs. Arthur F. Lamb, Mrs. Morris B. Perry.

Ward 5—Miss Lillian Baker, Mrs. Nellie Hall, Mrs. Leah Robinson, Mrs. Hattie Snow, Mrs. Helena Roberts, Mrs. Agnes Duncan, Miss Christol Cameron, Mrs. Annie Glover, Mrs. Elizabeth Hahn, Mrs. Flora Colson, Miss Lena Lawrence.

Ward 6—Mrs. Madeline Lawrence, Mrs. Ruth Sanborn, Miss Edna MacAllister, Mrs. Madeline Rhodes, Mrs. Bernice Ross, Mrs. Frances Hanson.

Ward 7—Mrs. Alan Bird, Mrs. B. B. Smith, Mrs. Grace Black, Mrs. Agnes Brown, Mrs. Stella Linnekin, Mrs. William Adams.

Main Street—Mrs. Ralph Wiggins, Mrs. J. E. Stevens, Mrs. Frank Tirrell, Mrs. Charles Proctor, Mrs. Crosby French, Miss Gladys Jones, Mrs. A. M. Glidden, Mrs. Raymond Bird, Mrs. Sidney Bird, Mrs. Charles Kallach, Mrs. Abbie Hanson, Mrs. Alfred Keyes, Miss Marion Brewster, Miss Margaret Simmons.

Elmer E. Brown, formerly employed at Dick Newbert's barber shop, is welding scissors and razor in the Thorndike Hotel shop.

Thirteen scallop smacks are to be found on the Monro Island beds every day when the weather is suitable. The catches range from 6 to 12 gallons. This is not a very large haul, to be sure, but with the price quoted at \$7 a gallon in Boston the fishermen are not finding much fault.

George F. Barbour, who has been instrumental in getting many candidates from this section for Kora Temple, Order of Mystic Shrine, is now endeavoring to get a local class of about 50, in order that Kora Temple may come here to do the initiating. Already about a dozen have signified their willingness to join. Kora Temple would bring its degree team, a full band, the uniformed Arab patrol and all the necessary paraphernalia. It would be a two-day affair and one of the most impressive Masonic events Rockland has ever known.

Armistice Day is being observed in this city today in a haphazard sort of way, which would indicate one of two things—either that we don't know the war is over, or don't fully appreciate the fact. The mayor is issued an official proclamation asking places of business to close, but the suspension, like yesterday's eclipse, is only partial, and even the schools are not closed—while certainly it is not the way to inculcate a spirit of patriotism in young America. Round about us all other cities are having big celebrations today, but Rockland slumbers on. There is absolutely not one holiday future holiday, and a Winslow Holbrook Post gives its Armistice Dance in the Arcade. Has Armistice Day gone into the discard, along with the Welcome Home and the Memorial?

C. A. Pease, who has been employed as telegraph operator by the East Coast Fisheries Company, left yesterday for Portsmouth, N. H., where he will relieve the Western Union manager for a number of weeks.

A week from tonight occurs the public concert by the Wight Philharmonic Society, which will appeal to music lovers and fill the Baptist church with a large audience. In the earlier days of the society (it has seen more than a quarter of a century of continuous existence) a concert a season could be reckoned upon, but it is now a long time since the public has enjoyed the privilege of listening to one of its excellent programs. The program for next Thursday will contain a pleasing variety of choral numbers under the direction of Mrs. Faith Berry, the conductor, with solo numbers by prominent local singers. The concert is for the benefit of the society to cover expenses of rent, music, etc.

The strange case of Lester Steward, the boy who claimed to have been kidnapped at Rankin block Sunday, did not seem so strange after the police investigated the story which appeared in The Courier-Gazette. They found that a bicycle belonging to Charlie Leavitt had disappeared about the same time that Steward claimed he was being carried off in an automobile with a bag over his head. Marshal Gilchrist confronted the Steward lad at school Tuesday, and by a system of shrewd cross-examination got the boy to admit that the kidnapping story was a fake, and that he "borrowed" young Leavitt's bicycle. The wheel has not been recovered, but was seen near Knox Trotting Park as late as Monday noon. Steward was due in Municipal Court yesterday as respondent in a continued case. He appeared, but the case was continued one week pending an examination of the boy, by the city physician.

Rockland, Maine, had the distinction of being the first city in the United States to furnish its complete returns on the night of the Presidential election. This fact first became known through a letter which a Southern woman received from her son-in-law who was receiving returns in a New Jersey city. Writing from West Palm Beach, Capt. William Young says: "As our family was sitting in Rialto Theatre election night we were much pleased to learn that Rockland, Me., was the first city in the United States to give complete election returns. We were so far from home we thought it very nice to get the returns from there first." The election returns from Knox county are furnished to The Associated Press through this office, and some Knox county towns (generally Union) has been the first in the State to report. It is the first time, however, that Rockland has ever had the distinction of being the first city in the whole country to report. We were very much on the map election night, it would seem.

Two weeks from today, Thanksgiving.

Another landmark disappeared this week, when the big horse chestnut tree in front of the Copper Kettle was cut down.

George W. Gushee of Appleton, who was in the city yesterday, reports that work is well underway on the new bridge which is to be built across the Georges River in his town. Among the materials already assembled are 1100 bags of cement.

At last we are to see "Buddies," the Selwyn production, which had such a long engagement in New York and Boston that it bid fair to become a rival of Tennyson's proverbial brook which "ran on forever." This delightful musical comedy by George V. Hobart and B. C. Hilliam will be the attraction at Park Theatre next Saturday, when it will be interpreted by the same fine company of artists which did so much to make it a sensational hit in both New York and Boston.

Oliver A. Lowell, whose death occurred in Portland Oct. 19, was the son of the late Rosamus C. and Justina A. (Beattie) Lowell, formerly of Rockland. He was born in 1855 and was educated in the city schools, leaving here when a young man, the later years of his life being spent in Portland, where funeral services were held at the home, 42 Maplewood street, with interment in Pine Grove cemetery. He is survived by a wife and a son, Philip, also by a sister, Miss Julia W. Lowell of 8 Union street, Milford, Conn., who is the last immediate surviving descendant of the large family of William Beattie, a one-time prominent lawyer of this city.

Stephen H. Cables, Jr., of this city is playing snare drum in the college band at the American School of Oratory in Kirtlandville, Mo. The band has been much in evidence at all of the football games this season, and has played for many other events.

The A. & P. stores in this city went under new management yesterday. William C. French, who tendered his resignation as manager of the South-end store, several weeks ago, is succeeded by Eugene Jewell of Fairfield, a former postmaster of that town. Lester Herick at the Brook store is succeeded by J. M. Higgins of Bangor. Messrs. French and Herick have given efficient and popular service, and the new managers will be put on their mettle to follow in the footsteps of their predecessors.

When you give to the Red Cross you are helping Miss Corbett in the great work she is doing among the deserving poor and sick of Rockland.

Red crosses began blossoming in house windows pretty early this forenoon. Pay your dollar and put a cross in your window if you haven't already done so.

Charles Robinson of Winter street place was haled into Municipal Court Monday as the result of a raid in which the police seized 37 bottles of Jamaica ginger having an alcoholic content of 91 per cent. The box in which the "ginger" was found originally contained 72 bottles, and many of the empties were still there. The police found a mixed congregation of six persons in the house, and arrested Malvina Hughes, who claimed to be the housekeeper on the charge of intoxication and disturbing the public peace. She said that the party was being held in honor of Harding's election, but it was lack of evidence, however, which Judge Miller discharged her. Robinson was fined \$500, with costs taxed at \$12.41, and was sentenced to six months in jail. In default of payment the sentence is six months additional. He appealed, and the police seized a long necker containing a liquor that none of the experts could analyze. Judge Miller took a whiff of it and nearly fell off the bench, while Marshal Gilchrist, who is an old drug clerk, confessed himself baffled. Of such stuff is booze now made.

The Ladies Circle of the Golden Cross will hold a fair with aprons, fancy articles, candy, etc. on sale Friday Nov. 12, with a baby show in the afternoon, followed by a harvest supper and dance in the evening. Valuable prizes will be given for the different classes in the baby show.

FOR SALE—20 tons of extra quality coarse medium pressed hay. Large bales. J. L. LEWIS, Union. 126-129

WANTED—Agent in Rockland, sell the Original Waino Remedies, Spices, Extracts, etc. Necessaries and repairs. All on spare time. Write WATKINS CO., New York City. 129-132

FOR SALE—Brown mare, good worker single or double; price reasonable. Can be seen at DONAHUE'S, Head-of-the-Bay, South Thomaston. 129-132

WIGHT'S U-TOTEM STORE

All the good people have been looking for a drop in prices, and here's the drop. We are steadily pounding down the price of foodstuffs. Bear in mind that the goods that we reduce prices on are all first quality, not job lots or shopworn stuff.

As long as the goods hold out we will sell Jiffy Jell, in all its flavors—Raspberry, Strawberry, Lemon, Orange, Pineapple, Lime, Cherry, Coffee, Mint and Loganberry, at the old before-the-war price—10 cents a package.

The first shipment of Sunkist California Canned Fruits in the number two size. Preserved in a heavy sugar syrup, retaining the original flavor of the fruit. Sliced Pineapple, Grated Pineapple, Apricots, Lemon Cling Peaches, 38 cents a tin. Bartlett Pears and Royal Arms Cherries, 43 cents a tin.

Here's a chance to buy the best fruits at prices less than you could do it.

Another invoice just in of the famous Lily White Codfish in one pound packages, 25 cents a package.

Slack Salted Codfish, just in from Swan's Island, 20 cents a pound.

Knox Sparkling Gelatine 17 cents; Plymouth Rock Gelatine 17 cents; Plymouth Rock Phosphated Gelatine and Coffee Gelatine 13 cents a package.

Golden Bantam Canned Corn, 15 cents a can.

And what a chance to wash with all these nice soaps—P. & G. White Naphtha, Star, Ivory, Welcome, Sunny Monday, Fairy, Lenox, American Family, 3 cakes for 25 cents; \$1.00 a dozen.

Ten lbs. Fancy Onions for 25 cents; 6 lbs. Sweet Potatoes for 25 cents; 2 quarts Fancy Cranberries for 25 cents.

A Rich Red Ripe Tomato Soup at 10 cents a can.

Baker's Chocolate, 50 cents a pound.

We advise buying your Thanksgiving Walnuts now, while the price is 28 cents a pound. Prices will be higher then. The last of the 30 cent Figs are in sight. This notifies all fig buyers to take them while they are going.

Mascot Soap—21 bars for \$1.00. Just as good a yellow laundry soap as made.

Granulated Sugar 10 cents. To all purchasers of one pound of Claremont Coffee, one pound of our Baking Cream, one pound of "Our Fireside Tea" and one pound of our Breakfast Cocoa, we will sell 10 lbs. Granulated Sugar at 10 cents a pound—making the purchase \$3.00.

You all know our Coffee, Baking Cream and Cocoa—the Sugar is the Reverse Fine, and some know the Tea, but we say it's the best black tea imported. You can make tea enough for four people for supper for one cent.

Bensdorps Royal Dutch Cocoa, the 50c tin 40 cents.

Rev. Dr. Whittemore of Waterville is to preach at the First Baptist church next Sunday.

Among those who concluded their labors with the East Coast Fisheries Company yesterday were Clarence A. Whitney, of the construction department; Augustus Dilliver, foreman of the Merger plant; Fred Wilbur, foreman of the splitters; Langtry Smith, superintendent of the Porterhouse Cod department; Russell Richardson, of the stock department; and Donald Kelsey of the shipping department. It is understood that Mr. Smith will enter the employ of W. J. Rich, former general manager of the East Coast Fisheries Company, who is to establish an independent fish business in this city.

PICKED UP POWER BOAT

The captain of a little schooner lying at Central wharf, Portland Tuesday was busily engaged trying to find an owner for a power boat that he brought up from Vinalhaven the day before. The boat was not tagged, and as the captain had failed to get the owner's address he was worrying as to what he should do with the craft.—Portland Argus.

John Wainio and family of West Rockport left Tuesday for Virginia, Minn., where they will spend the winter. They are traveling by automobile, and expect to make the trip in about 10 days.

"Thank You, Red Cross!" Say 92,000 Families

Over 92,000 families are healthier and happier today, thanks to the Greatest Mother in the World—the Red Cross.

Last year alone 92,000 women learned something even more essential than the cure of disease. They learned how to prevent disease.

The Red Cross, through its nation-wide organization, taught them simple truths for preserving their families' health; taught them what food is best for their families' health; taught them how to care for the sick, saving babies and adults the country across.

There remain hundreds of thousands of families, too poor to learn elsewhere, who remain uninstructed. The Red Cross must shoulder the task of teaching them. The work must go on.

But it can't go on without your support. The work is costly, but—saving lives is a greater satisfaction than saving money. Your membership dollar does its part to save a life. Join the Red Cross or renew your membership during the

As a result of investigation by Mr. and Mrs. Simon Turner, part of the goods stolen from Ross Savage's house has been recovered. Part was found in the house of a man by the name of Chase at Bath. He was taken to jail, but procured bail and is out until the January term of court at Portland. A part was also found in Leo Watson's house at Somerville. Watson is a relative of Chase. Officers from Wiscasset are looking for him. It is thought that others are implicated. In fact another party's house in Somerville was searched, but nothing was found.

Guy Jackson of Augusta was the guest of Mr. and Mrs. F. W. Cunningham Saturday.

Ernest Jones of Waterville is spending his vacation with Mr. and Mrs. Simon Turner.

Mrs. Carrie Lenfest is keeping house for Mrs. Lola Powell, until Mrs. Powell's school is done.

M. W. Lenfest is making repairs on his house.

H. M. Lenfest has exchanged a nice horse for a pair of oxen.

Rose Savage who has sustained several shocks is in a very pitiful condition. She is tenderly cared for by her granddaughter, Mrs. Gertrude Turner.

NORTH BURKETTVILLE

Mrs. Roseltha Rokes, whose 80th birthday occurred Oct. 29, entertained a party of relatives and friends at dinner Sunday in honor of the occasion. Two beautiful birthday cakes were among the enjoyable features.

Clarence and Ralph Esancy entertained their schoolmates at a Halloween party Monday evening. Games, music and refreshments were enjoyed.

A. J. Rokes with a crew of men and teams has begun lumbering operations on the Clark place in Liberty.

Mr. and Mrs. Harry Grinnell were recent guests at O. B. Newell's in Montville.

Mrs. C. E. Smith was at Mrs. Edith Bartlett's in West Appleton last week.

Herbert Esancy has bought the Mitchell place of L. B. Dorman of Rockland.

Mrs. Eleanor Payson of Hope spent Sunday with her daughter, Mrs. Herbert Esancy.

Mr. and Mrs. A. F. Dunton and son, Miss Grace Weaver, William Wellman and Gertrude Ludwig recently enjoyed a beechnut hunt at the C. upground.

Elmer Light of Union was in town Sunday.

PORT CLYDE

Mrs. Jessie Ingerson and daughter Alice have gone to Attleboro, Mass., to spend the winter with Mr. Ingerson who has employment there.

The many friends of Lyford Anthony are glad to see him home after spending several weeks in the Knox Hospital in Rockland.

Elmer Tibbetts of Beachmont, Mass., is a guest of his grandmother, Mrs. Fannie Elwell.

Mr. and Mrs. Lewis Marshall have gone to Rockland for the winter.

Elden Davis has returned from Portland where he spent the past few weeks.

Mrs. George Robbins has returned from a visit in Bath.

Mrs. Lorthy Thompson and Mrs. Josie Simmons went to Bath Friday.

Mr. and Mrs. Fred Seavey and daughter Alma spent Sunday in Boothbay.

Allie Poase has gone to Massachusetts for the winter.

An addition is being built on the public library.

Mrs. John Freeman has returned home, after spending the summer at Criehaven.

APPLETON

Rev. Byron Orr of Lawrence, Mass., who has been holding meetings at Washington, will be here for a few days. The first meeting will be held Thursday evening and we hope a large congregation will be present to greet him.

Bernard A. Pittman has returned from the hospital, much improved in health.

All members of the Red Cross, and especially service men, are requested to be present at the services next Sunday morning, as it will be observed as Red Cross Sunday.

FATHER OF THREE CHILDREN

WRITES FROM PANAMA

CANAL ZONE

Balboa, Canal Zone. A father of three children writes: "Will you kindly send me by mail two bottles of your Dr. True's Elixir. I cannot buy it here in Panama, and don't care to be without it in the house, because I have three children, and the Elixir is the best family remedy I ever used. When one of the children isn't feeling right, I give him a dose of Dr. True's Elixir and he comes out hale and hearty in the morning. Our children have showed no signs of worms since they have taken the Elixir. Last summer one of our boys was very sick—but one small bottle of your Elixir fixed him in fine shape." F. H. Purinton.

The prescription, Dr. True's Elixir, the Family Laxative and Worm Expeller, has done wonders for sick people, men, women and children. No harmful drugs—works quickly and effectively.

EMPIRE THEATRE

A delightful Dorothy Gish comedy heads today's program. The title is "Mary Ellen Comes To Town." Mary Ellen dispenses soda at a fountain in a sleepy Southern town. But she is ambitious to see more of life and finally starts out for the big city where she hopes to become a great actress. She gets a job as a singer in a cabaret which is run by a gang of crooks. The crooks desire to relieve Bob Fairclairs of his bankroll and when the girls in their hire fail, to obtain the desired results as decoys they draft Mary Ellen for the task. They frame a robbery on her and force her to do as they say or go to jail. But Mary Ellen is too wise for the crooks and with Bob conceals a scheme to foil them. Mary Ellen becomes the bride of Bob and is surprised when he takes her back to the little town from whence she came.

You're missing a wonderful aerial if you fail to see "Bride 13." At the end of the first episode Eleanor Storer is trapped in a limousine at the bottom of a bay, near where a submarine is lurking. She is the 12th bride to fall into the hands of the submarine pirates. Episode No. 2, entitled "The Pirates' Fangs" shows what happens after the limousine sinks in the ocean's depths.

The wildest ride that Victorville, Cal., one the headquarters of the toughest men in the West has produced, has been in many years, was that of Buck Jones, the Fox star, and Pat Harmon in the making of "Firebrand Trevison," on the great Verde ranch. The picture is coming for Friday and Saturday. One scene called for a ride of nearly a mile in which Harmon, as the villain, was pursued by Buck Jones. The villain on a light pony, the fastest of foot on the ranch, was turned loose in a pasture some two miles in length lying in a bottom along the Mojave river. Buck, on Blondy, his superb horse, fifteen hands high and weighing 1,000 pounds, thought he would have an easy time to catch Harmon, as the picture required; but the pony ran with such speed that Buck had to chase him for more than half a mile to get within shooting distance. Half the population of Victorville was out to see the race, which furnishes one of the big thrills in "Firebrand Trevison."—Adv.

UNION

The first teachers' meeting of the kind ever held was tried with success here last Friday. All the teachers of rural schools met at Nye school at 8:30. The daily program was planned and each teacher and the superintendent taught two or more classes during the day. After the children were dismissed, a half hour discussion was held to talk over the new ideas gained. The teachers felt that the day had been most profitable and it was suggested that other meetings be held. A meeting was arranged to be held at the East Union school Nov. 23, as that school will be in session and the others will be closed. Although that is vacation week for the teachers such is the interest that they plan to give up one day of their well deserved vacation and visit the school for a full day. The schools are fortunate to have teachers who are so interested in their schools and the community.

Martha Gordon of the primary school is out because of the chicken pox. This is the first time that she has been out for over a year.

Evelyn Wincapaw and Madeline Coggan gave a Halloween party Saturday evening.

Mrs. R. E. Thurston and Mrs. M. F. Lovejoy were recent visitors at the primary and grammar schools.

The Improvement League of the Grammar school is considering the possibility of securing a victrola.

The fourth Roll Call of the Red Cross is from Nov. 11 to 25. Members of Union branch may enroll their names at either of the following places: Mrs. Margaret Pond's, Gordon & Lovejoy's, R. E. Thurston & Co.'s, W. E. Haskell Co.'s, Payson & Robins, Mrs. Chaucery Childs. If the townspeople will do this it will save the committee making a house to house canvass.

Do not fail to buy your season ticket at once if you wish to hear the splendid artists on the Chautauqua program.

Who Discovered the Secret of Flavor?

COFFEE is said to have been discovered in Abyssinia by the Arabian shepherds, who observed that the sheep browsing on the wild coffee shrub became elated and active.

The special rich coffee-flavor and aroma of La Touraine Coffee is also a secret, discovered nearly a generation ago by the group of men who founded the House of Quinby in Boston. It is due to a formula by which a few of the finest coffees are blended to bring out the best that is in each. Then these coffees are roasted in just the right way to make the most delicious cup of coffee you can obtain at any price. You can always be sure that the

secret of La Touraine goodness is guarded—the formula never departed from.

Try La Touraine today. Buy it in the bean and have your grocer grind it. Coffee preserves its essence longest in the bean.

Do not accept La Touraine unless it is in the La Touraine Package.

Try Instant La Touraine

Quick, convenient, easy to make. La Touraine soluble coffee is air-dried, which causes it to stay fresh longest. 4 sizes of cans.

Send for Free Booklet

Our little booklet, "How I Make Perfect Coffee," fully illustrated contains the story of coffee and how it should be made. Sent free to any address. Write for it today.

WALDOBORO BOY'S DEATH

Kenneth Overlock of Waldoboro, aged 19 years, who for the past eight weeks has been employed by the New England Tel. & Tel. Co. dropped dead Tuesday afternoon at the plant department on Franklin street, Bangor, while engaged in his work. Death was due to heart disease. The body was taken to the undertaking rooms of the W. J. Clayton Co. and the young man's parents, Mr. and Mrs. John S. Overlock, well known residents of Waldoboro were notified. The news of his death was a great shock to his parents as he had been in the best of health and had not so far as is known, ever been troubled with heart disease. Surviving besides his parents is a sister.

All the home news. That is why the people must read The Courier-Gazette every issue.

PERCALE TAKES A DROP

American and Algonquin percale prices have been cut from last season's mark of 30 cents a yard to a 13 1/2 basis, it was announced in New York Tuesday.

Standard prints were priced for the new season at 12 1/2 cents a yard, a drop from 23 cents. Hereafter the goods are to be sold without protection or price guarantee.

New prices were named on overall denim by the representatives of the largest producers, located at Greensboro, N. C. For 2.20 denim, white back, 25 cents is now asked and for 2.40s double and twist goods, 21 1/2 cents. During the fever of speculation in second hands the price of 2.20s reached 57 cents a yard, but the agents did not ask at any time in excess of 41 cents for the grades re-priced Tuesday, it was stated.

When a Coward's Hand Struck

Prompt ministrations of Red Cross saved many lives in recent disastrous explosion.

The bomb explosion in New York on September 16 struck like a thunder bolt—But the Red Cross was prepared; it was on the job immediately!

And everybody marvelled; while the papers praised! It was a revelation that the Red Cross in peace was as potent as the Red Cross in war.

How many lives the Red Cross saved, nobody knows. But every New Yorker knows this:

- in less than twenty minutes, over 75 Red Cross nurses and 35 field directors were assisting the stricken
- in less than twenty minutes, much needed truckloads of beds and bedding, surgical dressings, medical supplies, etc., were supplying the hospitals near the disaster
- many of the seriously wounded were saved from death by Red Cross first aid treatment, awaiting their transfer to the hospitals
- hundreds of victims with minor injuries were treated by the Red Cross, relieving surgeons for the more urgent cases
- thousands of relatives hungering for news, got prompt information from lists of dead and wounded prepared by the Red Cross

Nobody knows when disaster may wreak havoc in our own city. Nobody knows when some terrible fire, explosion, epidemic or other calamity may strike our own homes. Your Red Cross keeps prepared for just such emergencies. It is always ready to jump into action at a moment's notice.

It gives you protection. Will you give it support? Then join the Red Cross or renew your membership during the

Balcony seats will be in early demand at the "Arcade" tonight where the American Legion's Armistice Dance is being given. It's the one big event of the day in Rockland.

Mr. and Mrs. Frank L. Weeks have returned from a fortnight's visit in Massachusetts. They were guests of Mr. and Mrs. C. W. Frohock in Roxbury, Mass., and of Mr. and Mrs. M. H. Goodwin in Belmont.

Robert Stevens, who has been spending a three months' vacation at his home here, left Monday for New York, where he expects to join a steamer.

The Methuen Club will meet with Mrs. Eva Wiesner, Broadway, Friday afternoon at 2:30 o'clock. Miss Chaplin, county health nurse, will be present and give a talk on public health. Each member is permitted to invite one guest.

The Woman's Missionary Society, connected with the Baptist church, met Wednesday afternoon at the home of Miss Clara Farwell. There was a good attendance. Mrs. Whitford and Mrs. Uimer had charge of the program, which was both varied and interesting, Japan and Africa being the subjects chosen, as taken from the Survey and Missions. If there are any who wish to subscribe for "Missions" Miss Farwell would gladly take the subscription as she wishes to send soon for the magazine in order that it may come early and promptly. The price is one dollar, and it is worth it, as the little magazine is both interesting, instructive and entertaining as well, for both old and young alike. One learns much from its pages, of life in our own and in foreign lands. It tells what our missionaries are doing, both at home and abroad and it should be in every Baptist home at last.

Mr. and Mrs. I. L. Cross, Miss Dorothy Cross and Mr. and Mrs. Basil H. Stinson motored to Boston in Mr. Cross' car Saturday returning Tuesday.

The Congregational circle last night was one of the largest and the vestry has ever held, about 135 partaking of the fine supper which was served under the direction of Mrs. F. R. Spear and her associate housekeepers. Excellent music by the High School Orchestra added to the interest of the occasion.

Percy Clark and bride of Portland have been guests recently of Mr. Clark's parents, Mr. and Mrs. A. W. Clarke, Oliver street. The bride was formerly Addie Allen of Portland. The bridegroom is employed by the International Paper Co. in that city.

Knitted garments, such as dresses, sweaters, scarfs and hats, are now holding a position of great importance in the women's ready-to-wear field. Each season brings forth some novel and decidedly unique ideas. This fall, not one, but many novelties have been offered in this merchandise and among them are the knitted sports dresses. They are made in one-piece style, some slipping over the head and others fastening under the arm and on the shoulder, says the Dry Goods Economist. There is nothing more wonderful for golf, tennis or hiking than these dresses. They are made of the wool and designed for both comfort and looks. The idea was evolved from the sweater and separate skirt, a costume that needs no touting here. These costumes come in blue and black, with fancy striped effects of white and tan in the skirts, which are knitted so as to give the effect of accordion pleating; but the knitting is so tightly done that the pleats do not come out as they do in cloth skirts. The waists in most of the models have the appearance of separate sweaters.

Mrs. R. A. Sturtevant, who has made her home for several years at the Charlesgate Hotel in Boston, and who has a summer home at Lake Umbagog, suffered a severe ill turn on her arrival in this city Monday, and is now very ill at the Thonidike Hotel. Her niece, Mrs. Lewis Herzog, is expected from New York today.

Signed "Willard L. Pratt and family" comes a communication to The Courier-Gazette addressed to Rockland friends of the recent pastor of the First Baptist church, who has just returned to Boston. Mr. Pratt writes: "You may be interested to know of our welfare in the big city. We are very happily situated in a delightful home at 28 Virginia street, Upham's Corner, Boston 25. We are still looking for the right kind of house for our permanent home, but have such a pleasant situation that there is no need to hurry. The people gave us a very

warm welcome and the opportunities look good for a blessed work in the coming days. We have a Sunday school of 450 members with 275 out last Sunday. Our little people are enjoying the school life here very much and are making many friends. We are quite near the wonderful Franklin Park. We all took a walk over there Saturday afternoon and saw the deer park, with all kinds of deer and bison, ostriches, etc., then to the elephant house and saw Mollie, Waddy and Tony; then to the bird house and saw all the birds in creation. The bear's den is only a little walk from the birds, and we saw them romping in their afternoon sports. We shall be glad to hear from any of the dear friends in Rockland, and the above address will reach us at any time."

SHUTE—BLOOD

A quiet but very pretty wedding occurred in Belfast Tuesday evening at the parsonage of the Trinity Reformed Church when Donald Merle Shute and Eva Lois Blood were united in marriage by the Rev. William Vaughn, the double ring service being used. They were attended by Miss Elizabeth Cille of Brooks and Clyde Shorey of Belfast. Immediately after the ceremony the young people motored to Rockland where a wedding lunch was served at midnight by Mr. and Mrs. Raymond L. Anderson, whose guests they are for a few days, and from here will go on an extended trip to the White Mountains. The bride was attired in a blue suit of tricot, with hat to match, and is the daughter of Mr. and Mrs. Rafe Blood of Morrill, a graduate nurse of the Waldo County Hospital, while the groom is the son of Mr. and Mrs. Ralph Shute of Belfast, and is in business with Mr. Shorey. They were recipients of many beautiful wedding presents of silver, etc. They will reside in Belfast and will be at home after Nov. 17.

Robert Fillmore is making his annual rounds with the Maine Farmers' Almanac. The price this year has advanced to 15 cents—but the almanac is one of those things that comes only once a year.

T. S. McIntosh, whose right leg was amputated at Knox Hospital about three weeks ago, has made such improvement that he has been removed to his home at 29 Prospect street.

The Black & Gay canners start packing apples at their Thomaston factory tomorrow. They expect to have an average pack.

PARK THEATRE

TODAY

Mark Twain's immortal story—
"HUCKLEBERRY FINN"

The tale of a lad who "fled from civilization," boarded a raft on the Mississippi, floated down, down, adventuring—with a "King" and a "Duke" and old black Jim. The tale that will live as long as the world can smile, and men remember youth.

FRIDAY ONLY
PICTURES AND VAUDEVILLE

The picture, **"A DOUBLE-DYED DECEIVER"**

Starring **JACK PICKFORD**

Jack plays the part of a youth who had the reputation of being the meanest two-gun fighter in Texas. He boasted of his reputation as a killer. He was a bad man to cross. And then a sudden flip of Fate sent him to a South American town, where he posed as the long lost son of a wealthy Spanish family. For the first time in his life he learned the meaning of mother-love.

EMPIRE THEATRE

TODAY

"MARY ELLEN COMES TO TOWN"

The heroine was new to the great city, but she putwitted the crook and prevented the hero from losing his money. The heroine, by the way is—DOROTHY GISH.

GETTING ELECTRICITY

Additional Maine Towns Are Being Benefited By the Central Maine Co.

A number of Maine towns that have never before enjoyed the benefits of electric current, will have all the comforts and conveniences that come with the use of electricity this winter. The Central Maine Power Co. is now making several line extensions and is bending every effort to finish these lines before winter sets in. In earnest. The probabilities are that these lines will be in operation at the appointed times.

This has been an active construction year on the lines of the company. The big high tension line from Farmington to Lewiston, a distance of 30 miles, was built in a month. A new high tension line from Waterville to Skowhegan and still another from Skowhegan to Guilford are being built at the present time. These are important links in the company's interconnected system.

A new service line from South Paris to West Paris and Paris, a distance of 10 1/2 miles, is partially completed. The poles are half set and houses along the line are being wired, ready to take the current as soon as it is made available through the new line.

Another service line, "tapped" onto the Farmington-Lewiston high tension line at Wales Crossing, has been put through to Wales, Leeds Junction and Monmouth. All the poles on this line have been set and the stringing of the wire will begin immediately. This line will probably be ready for service about Dec. 10.

From Lewiston another service line is being started this week to the town of Greene and will be in operation in a few weeks if all goes well.

The young son of Charles P. Richardson, who occupies the Williams house at The Meadows, fell into the quarry at the head of Limerock street Tuesday. Although the distance was about 30 feet, and he struck on a ledge the boy had no broken bones. His head was cut and bruised, but he is doing first rate, at last accounts.

At the coming session of the Maine Legislature there will be presented a bill which provides for the appointment of county attorneys and clerks of court.
